

# Dreamboats Coasters

Projects created by Julia Andrus, Alex Paige Palmer, and Matthew Hill, ©2010

## Welcome to crafting GREEN!

All the products used to create these charming coasters are eco-friendly. The coasters are made from a corrugated cardboard box, and covered with paper cut from a recycled paper bag. The tacky Green Glue is completely botanical. Even the paints contain no or low VOC's (volatile organic compounds). These products make a difference—for the earth, for the workers that produce them, and for the artists and crafters that use them. We are proud to present this project and it reflects our company-wide commitment to living "GREEN".

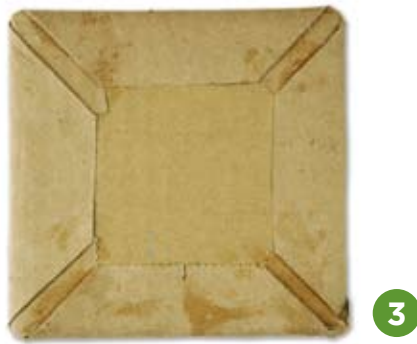

## MATERIALS

- Corrugated cardboard box, cut into 4" squares
- Brown Paper Grocery Bag, cut into 6" squares
- Eco Green Crafts™ *Dreamboats* Digital Collage Kit (download)
- Eco Green Crafts™ Green Glue™
- Eco Green Crafts™ Acrylic Paint
- Eco Green Crafts™ Gloss Medium
- Eco Green Crafts™ Glass Glintz™

## DIRECTIONS

1. Using Green Glue™, adhere cardboard square to center of paper square.
2. Fold each corner of paper toward center of cardboard square and adhere, as shown.
3. Fold each remaining "flap" of paper along edge of cardboard toward center and adhere, as shown.
4. Paint coaster as desired with Eco Green Crafts™ Acrylic Paint.
5. Adhere Eco Green Crafts™ *Dreamboats* images and backgrounds to tops and bottoms of coasters, as desired.
6. Brush entire surface of coasters with a thin layer of Eco Green Crafts™ Gloss Medium.
7. Glue desired Glass Glintz™ to bottom corners of coasters, to act as feet.
